

General & Medical Group maximum reimbursement table for Consultations & Surgeons, Physicians and Anaesthetists fees.

Consultation/Session Fees

Unless agreed separately on an individual basis, the amounts below indicate our maximum reimbursement levels for consultation and session fees. As part of our Cost Clarity Initiative, we would need to understand your fees in order to advise our members accurately.

Medical/Surgical	Initial	£200.00	Follow Up	£150.00
Psychiatry	Initial	£250.00	Follow Up	£170.00
Psychology	Initial	£110.00	Follow Up	£90.00
Physiotherapy	Initial	£50.00	Follow Up	£45.00

The following prices are maximum contributions for each category of complexity and patients must be advised of any potential costs outside of these limits before proceeding with treatment. We do not expect to be charged the maximum in every case and do not expect unacceptable combinations to be charged, as set out by the Clinical Coding & Schedule Development (CCSD) Group. (www.ccsd.org.uk)

The following table is a guide to reimbursement limits we consider are reasonable and customary costs, a full version of this is available to registered Healthcare Professionals upon request. If you wish to register as a recognised Healthcare Professional with us then please visit www.generalandmedical.com/healthcare-professionals and download our registration form.

Schedule of Procedures

25%	£718.75	£837.50	£1,058.75	£1,278.75	£1,443.75
40%	£805.00	£938.00	£1,185.80	£1,432.20	£1,617.00

Multiple Procedures

When two procedures are carried out at the same time, maximum benefit available will be 100% of the primary procedure plus up to 25% extra for the secondary procedure. When three or more procedures are carried out at the same time, maximum contribution will be 100% of the primary procedure plus up to 40% extra for the additional procedures.

Anaesthetists' Fees

The fee for each procedure should include all preoperative and post operative care, which should include up to 3 days (72 Hours) intensive care if needed. All necessary pain control including patient controlled analgesia should be included. This applies to in patient and day case surgery and should include the management of common post operative complications.

When billing, all invoices should contain the relevant information including patient details, correct procedure code(s), your professional registration number and up to date billing address.
